- Allows you to create automatic fixed-length labels
- Prints up to 16 copies of a label
- Multi-lingual capability
- Auto power-off to extend battery life

Speed, Versati...
— an Ideal La...

Is it a desktop or is it designed to fit in the palm of your hand? Actually, it's both. That's why it's perfect for home or office. Print top-quality labels to identify and neatly organize files, computer disks, binders, shelves, drawers, in/out trays, practically anything. It's the versatile labeling solution with superior features you'd expect to find in electronic label-makers costing much more.

The LM155 kit includes the LM150 label printer with all it's great features and comes with a carrying case, AC adapter, tape, and batteries.

D1 TAPES

Using thermal transfer printing technology, DYMO D1 tapes possess the durability to be at home no matter where labeling takes you: the office, warehouse, retail outlet, or on the road.

Look for economical Polyester tapes in a variety of backgrounds, widths and text colors, Flexible Nylon tapes for heavily structured curved and/or rough surfaces, and Permanent Polyester tapes with outstanding resistance to scratches and water.

PERFECT FOR LABELING

- File Folders
- Telephone and Fax Equipment
- CDs
- Cabinets
- Bookcases and Shelves
- Desktop Trays
- Storage Bins
- and many other possibilities...
