

renu[®] in a snap!

Face snaps off/on to
change color - anytime.

Once you install Renu, change is always at your fingertips. The collection, in popular colors, includes switches, dimmers and receptacles with faces you can update yourself whenever you're ready for a new look - no rewiring needed. How smart is that? Very. If decorating is your passion, you'll love Renu.

Remove existing switch.

Replace with Renu.

Now you've got a great look you can change anytime.

Face snaps off/on to change color

Remove Renu wallplate and face.

Choose a fresh color to match or contrast with décor.

Snap on a Renu coordinating wallplate. Now you're done and can enjoy your smart new look.

renu® in a snap!

The smart way to update the look of a room in just a few easy steps.

Renu is our collection of electrical wiring devices including switches, receptacles, dimmers and wallplates, which feature easily changeable faceplates that are available in 20 popular colors. Refresh the color of any Renu device without any rewiring by snapping off the faceplate on the device and snapping on the new color face. Coordinating screwless wallplates snap on to finish the look. Renu fits any lifestyle and adapts to changing décor.

Renu Switches

Leviton Renu switches feature a shallow design that easily installs in any wallbox and is self-grounded when installed in a properly grounded metal wallbox. The wiring options include Quickwire™, back, or side wiring for quick installation. Switches for every need include single pole, 3-Way, 4-Way and combination devices, all with gently curved edges and sculpted lines.

Features and Benefits

- Shallow depth for easier installation
- Self-grounded when installed in a properly grounded metal wallbox
- Back, side and quick wired for fast, easy installation
- Terminals designed to withstand high torque and resist wire pullout
- 3-Way and 4-Way switches are available for controlling lights from multiple locations
- Innovative tongue and groove design for effortless alignment in multi-gang installations
- No subplate behind the wallplate or visible mounting screws
- Switch face easily snaps OFF and ON to change color
- Once installed, Renu switches can be updated to a new color by ordering the RK15X or RK634 color change kits
- To complete the look, snap on a matching or contrasting Renu screwless wallplate (sold separately)
- Use only with Renu wallplates
- Backed by a Five-Year Limited Warranty

Renu Receptacles

Leviton Renu receptacles feature a shallow design that easily installs in any wallbox and is self-grounded when installed in a properly grounded metal wallbox. Back and side wiring options allow for quick and convenient installation. Renu receptacles are Tamper-Resistant with a built-in shutter mechanism that blocks access to the contacts unless a two- or three- prong plug is inserted.

Features and Benefits

- Shallow depth for easier installation
- Self-grounded when installed in a properly grounded metal wallbox
- Back and side wired for fast, easy installation
- Terminals designed to withstand high torque and resist wire pullout
- Tamper-Resistant to meet the child safety requirements of the National Electrical Code®
- Innovative tongue and groove design for effortless alignment in multi-gang installations
- No subplate behind the wallplate or visible mounting screws
- Receptacle face easily snaps OFF and ON to change color
- Once installed, Renu devices can be updated to a new color by ordering color change kits
- To complete the look, snap on a matching or contrasting Renu screwless wallplate (sold separately)
- Use only with Renu wallplates
- Backed by a Five-Year Limited Warranty

USB Charger/15A or 20A Tamper-Resistant Duplex Receptacles – additional features:

- Two vertical USB Ports provide more space for maneuvering and reduce stress on USB cables
- 3.6A charging capacity
- Smart chip recognizes and optimizes the charging requirements of individual devices
- cCSAus Listed

Renu GFCIs

Leviton Renu GFCI receptacles feature our shallow design that takes up to 25% less space in the wallbox vs. other GFCIs so it easily installs in most wallboxes, even shallow ones. It also contains Leviton's patented RESET lockout feature which automatically tests the GFCI every time the RESET button is pushed in. Renu GFCI receptacles are self-grounded when installed in a properly grounded metal wallbox. Back and side wiring options allow for quick and convenient installation. They are Tamper-Resistant with a built-in shutter mechanism that blocks access to the contacts unless a two-prong plug is inserted. GFCIs are required by the National Electrical Code® (NEC®) in all new and renovated residential construction in areas in the vicinity of water or which are prone to dampness.

Features and Benefits

- Designed to meet the latest UL standard for auto-monitoring (self-test); periodically conducts an automatic internal test to confirm that it can respond to a ground fault
- Shallow depth for easier installation
- Tamper-Resistant to meet NEC child safety requirements for new or renovated residential construction
- Patented lockout feature for added safety prevents RESET if GFCI is not operating properly
- Self-grounded when installed in a properly grounded metal wallbox
- Back and side wired for fast, easy installation
- Terminals designed to withstand high torque and resist wire pullout
- Innovative tongue and groove design for effortless alignment in multi-gang installations
- No subplate behind the wallplate or visible mounting screws
- GFCI face easily snaps OFF and ON to change color
- Once installed, Renu GFCI outlets can be updated to a new color by ordering the RKG15 or RKG20 color change kit
- To complete the look, snap on a matching or contrasting Renu screwless wallplate (sold separately)
- Use only with Renu wallplates
- Backed by a Five-Year Limited Warranty

Renu Dimmers

Leviton Renu dimmers feature a shallow design that easily installs in any wallbox and is self-grounded when installed in a properly grounded metal wallbox. The terminals are designed to withstand high torque and resist wire pullout. The Renu dimmer can be used for single pole, 3-Way and more applications when used with the coordinating remote dimmer. Along with providing convenient control, dimmers can help lower your electric bills and extend the life of your light bulbs.

Features and Benefits

- Shallow depth for easier installation
- Digital circuitry provides single pole, 3-Way or more applications when used with the RE00R remote dimmer
- Soothing white LED and brightness display
- Advanced programming is available for energy save mode, minimum brightness level, preset ON, fade rates, almost OFF and LED options
- REL06 dimmer is designed for use with dimmable LED and CFL as well as magnetic low voltage and incandescent bulbs
- Back and side wired for fast, easy installation
- Innovative tongue and groove design for effortless alignment in multi-gang installations
- No subplate behind the wallplate or visible mounting screws
- Dimmer face easily snaps OFF and ON to change color
- Once installed, Renu dimmers can be updated to a new color by ordering the RKDMD or RKDCD color change kits
- To complete the look, snap on a matching or contrasting Renu screwless wallplate (sold separately)
- Use only with Renu wallplates
- Backed by a Five-Year Limited Warranty

- CSA Certified (File #LR-3413)

MATERIAL CHARACTERISTICS

Environmental: Flammability UL-94, V2 Rating
Operating Temperature: -40°C- 65°C

SPECIFICATIONS AND FEATURES

- Universal design provides crisp actuation and minimal travel
- Push pad always returns to neutral position regardless of load status
- Air-gap switch completely disconnects power to unit for bulb changing or removal from service
- Digital circuitry provides soft ON/fade OFF switching that extends bulb life
- Protected memory and voltage compensation maintain light levels after power outages and during minor power fluctuations

Renu Wallplates

Renu Wallplates snap directly onto the Renu devices for seamless style. If you decide to change color schemes, you can easily snap off the wallplate and snap on a new one. Choose from 20 designer color wallplates to find the perfect combination. The large selection makes it easy to find the right color so the device can blend in or contrast against the existing décor. These wallplates are slightly larger than standard size to help cover imperfections on the walls and are available in two-, three-, and four-gang models.

RENU COLORS

NOTE: Only wallplates are available in the stainless steel appearance finish. To order colors, add suffix to Cat. No.

	Dapper Tan (-DT)		Red Delicious (-RE)		Wood Smoke (-WS)
	Deep Garnet (-DG)		Rich Navy (-RN)		Stainless Steel Appearance (-STS)

Features and Benefits

- Exclusive for all Renu devices
- Screwless, snap-on wallplate
- Does not contain a subplate, simply snap onto Renu device
- Available in 20 popular colors and stainless steel appearance finish to match any décor
- Snaps directly onto Renu device (sold separately) for fast installation, no screws or subplate needed
- Slightly larger than standard wallplates to help cover wall imperfections
- 1-, 2-, 3- and 4-gang wallplates available
- Renu adaptor ring REA00* (sold separately) allows any Decora device to fit into a Renu wallplate
- Backed by a Five-Year Limited Warranty

Renu Datacom Insert and Adapter Ring

The Renu adapter ring makes it easy to retrofit any Decora® device to fit into a Renu wallplate. Renu Color two-port inserts with snap-in QuickPort® modules fit Renu wallplates and provide audio/video connections for Renu installations.

Adapter Ring Features and Benefits

- Allows any Decora device to fit into a Renu wallplate
- Renu screwless wallplates (sold separately) snap directly onto adaptor ring
- Adaptor ring available in White on White (Decora White), Navajo Sand (Decora Light Almond) and Onyx Black (Decora Black)
- Easy to install

Datacom Features and Benefits

- Available in 1, 2, 3, 4 and 6 ports
- Compatible with all QuickPort connectors and adapters
- Inserts can be customized in a snap with any Leviton QuickPort audio/video, phone or data connector in standard QuickPort colors
- Quick and easy to install
- Available in Renu White on White, Navajo Sand or Onyx Black only
- Use only with Renu wallplates
- cULus Listed
